

## **Statement – Dinah Glykidis**

### **World Boxing Board**

I have worked as a sport administrator for the past 16 years and with Boxing Australia as the Chief Executive Officer since 2021. Whilst I haven't been part of the boxing family for long, I have already achieved so much within boxing. I have the passion to ensure it remains part of the Olympics, which is why I am putting my name forward.

Thus far with boxing, I have helped shape the direction of the sport here in Australia with new and updated governance, policies and regulations, to ensure that we are in line with current industry standards and moving forward as a sport to ensure we are still relevant.

I am also a director on the Confederation of Australian Sport, which has helped me deepen my knowledge and experience with working at a board level and with a CEO. I have the knowledge of what a director's responsibilities should be, working with various boards during my time and being part of smaller working groups to achieve strategic outcomes.

Whilst my sporting background isn't boxing based, my experience in high level sport has given me the drive to achieve impossible outcomes. Attached is my CV which outlines the skills of what I can bring.
