Candidature World Boxing Executive Board Members

Norbert Keller

Motivation and vision

I have worked in the management my entire professional life. I have many years of extensive experience in the areas of management of a company or organisation.

In preparation for the Olympic Games in Paris, I worked very closely with the Belgian Olympic Committee. And I saw very clearly the amount of detailed work that lies ahead for World Boxing.

There are many topics that need to be defined and implemented.

The challenges that World Boxing must master in the coming years in order to represent boxing professionally at the highest level at world championships and the Olympic Games are very extensive and demanding.

This requires many dedicated minds and hands, a great deal of energy and motivation. There are many individual topics that must be fully developed. It is important to establish content and structures that are at least equal to or better than those of the IBA, while remaining absolutely honest, objective, and clean in their orientation toward the Noble Art content.

I have been active in boxing for 40 years. For the past 6 years, I have devoted myself exclusively to boxing in Belgium. This includes everything from the boxing club to my duties as president of the Belgian Boxing Federation and at the international level.

I am ready to dedicate all my energy and motivation to achieving our common goals.

Boxing has been part of the Olympic spirit from day one.

It is important that we all work together in the best and most constructive way to ensure that boxing remains an important part of the Olympic movement.

The Royal Belgian Boxing Federation would like to be actively involved in the development of the new world federation now and in the future.

For my part, I believe that I could be an valuable asset to your team on the basis of the experience and knowledge I have acquired over many years.

I am ready to contribute my knowledge, experience, contacts, and all my energy and motivation to all aspects of making World Boxing one of the top global federations.

I would be pleased if this finds your approval.

Norbert Keller
President RFBB
