Lausanne, 6 May 2026

Dear President, dear Secretary General,

Following the IOC Executive Board meeting held today, we are pleased to inform you that your proposed Qualification System for the Games of XXXIV Olympiad, Los Angeles 2028 has been officially approved as per the Olympic Charter.

We are grateful for your close collaboration throughout this process. We look forward to working together with you and the NOCs to tell the story of the athletes on their journey to the Games.

You are welcome to now share the Qualification System with your National Federations. We kindly ask you however to wait for the Qualification System to be published officially on Olympics.com in the coming days before you do so. As a reminder Olympics.com stands as the single source of truth where the latest validated versions will be made available. If you have any questions regarding the communication, do not hesitate to consult the IOC Sport Department.

Please also note that the French version of the Qualification System is currently being developed and will be shared with you for your review before being published.

Finally, we kindly ask that you keep us informed as soon as the dates and locations of your qualification events are confirmed, or if any significant change may be required to the approved document. This will allow us to update your Qualification System in a timely manner should this become necessary.

Thank you once again to you and your team for delivering this important milestone.

Best regards,

A handwritten signature in blue ink, consisting of a large, sweeping loop followed by a horizontal line and a vertical stroke at the end.

Pierre Ducrey
Sports Director
