

WORLD BOXING

REQUEST FOR PROPOSAL (RFP)

Open Tender for Supply of Boxing Sport Equipment

2028 Olympic Games | 2027 World Championships | Olympic Qualifiers OQ1 & OQ2

Issued by: World Boxing

Date: 23.07.2026

Background

World Boxing (“WB”) is the International Federation recognised for the sport of boxing within the Olympic Movement. As the governing body responsible for the sport’s delivery at the Olympic Games and at its own flagship events, WB is required to identify and appoint the supplier(s) of boxing sport equipment needed to equip competition and training venues at the Los Angeles 2028 Olympic Games (“LA28”) and at WB’s major international championships.

The Los Angeles 2028 Olympic and Paralympic Games Organising Committee (“LA28OCOG”) has requested that WB lead the sport equipment supplier selection process for boxing, following the precedent established for the Paris 2024 Olympic Games. This RFP is issued by WB in response to that request.

This is an open, public tender. The full Documentation is published on the WB website, and any qualified company may submit a proposal.

1. Invitation to Submit Proposal

1.1 WB wishes to appoint a Supplier to provide the boxing sport equipment and associated services listed in Appendix 1 (the “Sport Equipment List”) for the four Events listed in Section 1.2.

1.2 The Events covered by this RFP are:

Event	Dates	Venue(s)	Equipment in scope
LA28 Olympic Games – Boxing	15 – 30 July 2028	Peacock Theater (Preliminaries) / Crypto.com Arena (Finals), Los Angeles	Full scope, including gloves and headguards
2027 World Boxing Championships	10 – 26 April 2027	Barys Arena, Astana, Kazakhstan	Full scope EXCLUDING gloves and headguards (supplied under existing WB–Sting agreement to end-2028)
Olympic Qualifier 1 (OQ1)	Dates TBC (2028)	TBC	Full scope EXCLUDING gloves and headguards (Sting)
Olympic Qualifier 2 (OQ2)	Dates TBC (2028)	TBC	Full scope EXCLUDING gloves and headguards (Sting)

1.3 Each company submitting a proposal is referred to as a “Bidder”. The Bidder(s) whose proposal is accepted by WB is/are referred to as the “Supplier”.

1.4 By submitting a proposal, each Bidder agrees to comply with:

- (a) the submission requirements in Section 3;
- (b) the supply terms in Appendix 1;
- (c) the responsible sourcing principles in Appendix 2;
- (e) the data protection and confidentiality provisions of this RFP; and
- (d) the other terms of this RFP.

1.5 Existing gloves and headguards agreement: WB holds an existing supplier agreement with Sting for the provision of gloves and headguards, valid until the end of 2028. Accordingly, gloves and headguards are excluded from the scope of this tender for the 2027 World Championships and the two Olympic Qualifiers (OQ1 and OQ2). For the LA28 Olympic Games boxing event, gloves and headguards are within scope, as that event is not covered by the existing agreement concluded with Sting.

1.6 Continental events: this RFP does not cover continental qualification events or any other events not expressly listed in Section 1.2. A Bidder may independently seek to supply equipment to events organised by Continental Confederations; any such arrangement is outside the scope of this tender and will not be considered in the evaluation of proposals.

1.7 This RFP does not cover supply of sport equipment for any event not expressly listed in Section 1.2. WB reserves the right to enter into separate arrangements for the supply of equipment to any other event at its discretion. Nothing in this RFP creates any exclusivity, preferred supplier status, right of first refusal, right of first negotiation, renewal expectation or priority right in favour of any Bidder or Supplier beyond the specific scope expressly awarded.

2. RFP Process and Rules

2.1 Open, Public Process

This is an open tender process. This RFP and its appendices (the “Documentation”) are published on the WB website at <https://worldboxing.org/procurement-tenders/>. Any interested and qualified company may submit a proposal. WB will also notify directly companies known to operate in this market.

2.2 Timeline

The following timeline governs this tender process. The proposal submission deadline and contract award date are fixed. Intermediate dates are provided to allow Bidders to plan their responses.

Milestone	Date
Tender published on WB website	27 July 2026
Window for Bidders to submit written questions	27 July – 7 August 2026
WB issues consolidated written responses to all Bidders	12 August 2026

Proposal submission deadline	31 August 2026
Evaluation of proposals	1 – 19 September 2026
Evaluation Panel Recommendation	22 September 2026
Proposal Approval	25 September 2026
Contract Award	30 September 2026

WB reserves the right, acting reasonably, to amend the above timetable, extend any deadline, or suspend and recommence the tender process where necessary to ensure fairness, clarify the scope of the procurement, respond to material changes in event requirements, or otherwise protect the integrity of the procurement process. Any such changes will be communicated in writing to all Bidders.

2.3 Contact Information

All questions and communications relating to this RFP must be directed in writing to the WB contacts below, within the question window specified in Section 2.2. Responses will be issued in writing and shared with all Bidders simultaneously.

Name	Title	Email
Tom Dielen	Secretary General	tdielen@worldboxing.org
Paulo Ferreira	Events Director	pferreira@worldboxing.org

2.4 Publication and Confidentiality

This RFP and its accompanying Documentation are published in full on the WB website and may be freely shared. No non-disclosure agreement is required to participate in this tender.

Bidders may identify information in their Proposal that is commercially sensitive or confidential. WB shall use reasonable efforts to preserve the confidentiality of such information, subject to applicable law, regulatory requirements, court order, audit requirements, governance obligations, disclosures required for internal approval processes, and disclosures to event owners, advisers, insurers and evaluation panel members on a need-to-know basis.

While the tender itself is public, WB will not discuss individual bids outside the formal written Q&A process. Bidders should not announce their appointment as Supplier until they have received written confirmation from WB and following the limitations concerned.

2.5 Instructions to Bidders

1. This RFP is an invitation to submit a proposal only. It does not constitute an offer capable of acceptance, does not commit WB to enter into any contract with any Bidder and does not create any contractual or other legal relationship until and unless a definitive written agreement is concluded.
2. WB may request supplemental information, product samples, testing materials, declarations, financial information, or clarifications during evaluation; any such information forms part of the Bidder's proposal.

3. Bidders must clearly flag any requirement they cannot meet and propose a suitable alternative. Any point not expressly flagged may be treated by WB as accepted by the Bidder.
4. Selection of the Supplier(s) is at WB's sole discretion, subject to its internal approval processes. WB retains the right to appoint one or more Suppliers, including different Suppliers for different Events or equipment categories.
5. Formal acceptance of any proposal is subject to execution of a binding agreement between WB and the relevant Bidder.
6. Costs of preparing and submitting a proposal are borne entirely by the Bidder.
7. WB reserves the right to accept or reject any proposal, request revised proposals, negotiate on an exclusive or non-exclusive basis with one or more Bidders, suspend, amend, withdraw or re-issue this RFP at any time without liability.
8. This RFP and any resulting agreement shall be governed by the laws of Switzerland, the seat of WB.
9. Each Bidder represents and warrants that it, its group companies, officers, employees, agents and subcontractors have not engaged and shall not engage in any fraud, corruption, bribery, collusion, anti-competitive conduct, improper inducement, or other unlawful conduct in connection with this RFP.
10. Each Bidder shall promptly disclose any actual, potential or perceived conflict of interest involving WB, any evaluation panel member, any event owner, any NOC, the IOC, or any other relevant stakeholder. WB may, at its discretion, seek further information, impose mitigation measures, or disqualify the Bidder where necessary to protect the integrity of the process.
11. WB may conduct legal, financial, reputational and/or compliance due diligence verifications on any Bidder and any proposed subcontractor. Failure to provide requested information promptly and accurately may result in disqualification.

2.6 Data protection

Each party shall comply with applicable data protection laws in relation to any personal data processed in connection with this RFP. WB may process personal data contained in Proposals for tender administration, evaluation, due diligence, governance, audit, supplier onboarding and contract management purposes. The Bidder shall ensure that any personal data submitted is accurate, relevant and lawfully disclosed.

3. Proposal Submission Requirements

3.1 Each Bidder must submit a complete written proposal by the deadline specified in Section 2.2. The proposal must include:

- A clear understanding of the brief;
- Recommended approach per Event, including methodologies, key assumptions, dependencies, and an overview of services and deliverables;
- Way of working, tools and methodology;

- Relevant examples, references and case studies, in particular prior experience supplying boxing or combat sport equipment at the Olympic Games, World Championships or other major international events;
- A deliverables outline and indicative timeline per Event.;
- Details of manufacturing capacity, lead times, business continuity arrangements and contingency planning;
- Details of product warranties, quality assurance processes and proposed service levels; and
- Confirmation of compliance with applicable product safety, import/export, customs and labelling requirements.

3.2 The following completed documents must be submitted together with the proposal:

- Estimated Value Proposition (Appendix 3);
- WB Vendor Form (Appendix 4); and
- Responsible Sourcing Questionnaire (Appendix 5).

WB reserves the right to request, at any stage of the tender process, any additional documents, information, clarifications, certifications, insurance evidence, technical specifications, test reports, samples or other supporting materials it reasonably considers necessary for evaluation, due diligence, compliance review or contract finalisation.

3.3 Where any deliverable or service requires input from subcontractors or affiliated entities, these must be clearly identified, with a description of their role and their registered trading name.

4. Evaluation of Proposals

4.1 Proposals will be assessed by a WB evaluation panel against six weighted criteria:

- technical compliance and product quality (30%),
- commercial proposition and value (25%),
- organisational experience and capability (20%),
- delivery and logistics capability (10%),
- responsible sourcing (10%),
- and community activation and legacy (5%).

Each criterion is scored on a 0–5 scale; weighted scores are combined to produce an overall ranking.

WB may, as part of the evaluation, verify references, conduct interviews, request presentations, inspect manufacturing facilities, request product samples, and require technical testing or fit validation. WB may also apply minimum pass thresholds to one or more criteria where necessary.

4.2 A proposal scoring 0 or 1 on the technical compliance criterion will not be eligible for award regardless of its overall score. WB reserves the right to make no award if no proposal meets its minimum requirements. Unsuccessful Bidders may request a written debrief within 15 working days of the award announcement. Any such debrief shall be limited to high-level feedback and shall not require

WB to disclose confidential information, comparative scoring detail, or information relating to other Bidders and/or internal deliberations.

5. Rights and Opportunities

Subject to the terms of the Agreement to be executed between WB and the Supplier, WB proposes to grant the Supplier the following rights and opportunities in exchange for the supply of equipment and services for the Events.

5.1 Recognition

The Supplier is expected to provide equipment at no direct cost to WB, in exchange for recognition as the Official Supplier of boxing sport equipment to WB for the relevant Event(s). Recognition rights may include on-site visibility (signage, A-boards, ring branding elements), on-equipment manufacturer identification (subject to applicable rules, including Rule 50 of the Olympic Charter for the LA28 Event), and the right to refer to the supply role in corporate materials as set out in Appendix 6. The exact inventory and on-equipment branding limits will be agreed per Event and incorporated in the Agreement.

All recognition rights are personal, limited, non-transferable, non-sublicensable, revocable in accordance with the Agreement, and subject to operational, sporting, venue, broadcast, legal and safety requirements.

5.2 Accreditation and Access

The Supplier will be provided with a reasonable number of accreditations per Event to enable delivery, installation, maintenance and removal of equipment. A limited number of additional accreditations may be available for non-operational representatives of the Supplier, subject to WB validation and the accreditation rules of the relevant event organiser. Accreditations may not be used for promotional purposes.

All accreditations and access permissions are subject to the applicable rules and final approval of the relevant event organiser and competent authorities, may be amended or withdrawn at any time, and do not create any right of entry beyond the authorised operational purpose.

6. Activation

This section sets out how the Supplier's role may be activated and communicated before, during and after each Event, within the rights framework of Section 5.

6.1 Pre-Event

- Joint announcement of the Supplier's appointment at a time and in terms agreed between WB and the Supplier;
- Supplier briefing on Event-specific branding requirements, Rule 50 restrictions (where applicable), and the technical approval process for equipment designs;
- Coordination on equipment delivery, fitting and pre-competition setup timelines as set out in Appendix 1, Part B.

6.2 In-Event

- On-site recognition as agreed under Section 5.a, including signage and branding allocation;
- Supplier technician access in accordance with Section 5.b;
- Agreed media or content opportunities (e.g. behind-the-scenes equipment content, interview opportunities), subject to prior written approval by WB and, where applicable, by the relevant broadcast partner or event owner.

6.3 Post-Event

- Supplier may issue statements of fact about its role, publish case studies, and use approved images, subject to the principles set out in Appendix 6;
- Joint review by WB and the Supplier of activation delivery against agreed objectives, to inform planning for subsequent Events.

6.4 Community Activation & Legacy

WB invites Bidders to go beyond equipment supply and propose community-facing activities that generate a lasting impact for the sport. Proposals in this category are voluntary and will be considered as a positive element in the overall evaluation. Bidders are invited to propose activities in one or more of the following areas:

Category	Description (Bidder to complete)
National Federation Development	Equipment grants, technical clinics, or capacity-building support delivered through WB member federations
Community Boxing Programmes	Equipment or financial contributions to grassroots boxing clubs and community centres
School Outreach	Boxing introduction programmes for school-age children, linked to Events or independent
University Partnerships	Collaborative programmes with higher education institutions – athlete support, research, or sport science
Gym Engagement	Equipment donations, subsidised supply, or coaching support for amateur boxing gyms
Women's Boxing Development	Targeted programmes to increase participation, equipment access, or coaching pathways for women and girls
Sustainability & Equipment Reuse	Post-Event refurbishment, redistribution or recycling of equipment for reuse in development contexts
Innovation & Technology	Research, prototyping, or technology initiatives that advance the sport or athlete safety
Volunteer Development	Training, kit or resource support for boxing volunteers and officials

Coach & Official Education	Contributions to WB or National Federation coach and official education programmes
----------------------------	--

Proposals should specify the Event(s) or geography to which each initiative relates, the resources the Bidder commits to contribute, and any timeline or conditions attached. WB will engage with the appointed Supplier to refine and formalise community activation commitments as part of the Agreement.

7. Legacy

WB is committed to ensuring that the equipment procured for these Events generates lasting benefit and minimises environmental impact. The Supplier is expected to engage constructively with WB on the following legacy considerations:

- Equipment after the Event: the default approach is for equipment to be donated or made available for reuse through WB’s development and grassroots programmes, or through partner National Federations. The specific arrangement for each Event will be agreed between WB and the Supplier and reflected in the Agreement.
- Sustainability reporting: the Supplier will be asked to provide a brief post-Event report on the environmental impact of the equipment supplied (materials, packaging, end-of-life arrangements), for inclusion in WB’s own reporting.
- Knowledge transfer: WB and the Supplier will jointly capture lessons learned after each Event (delivery, technical performance, athlete feedback, operational challenges) to inform the equipment specification for subsequent Events.
- Scope limitation: this RFP and any resulting Agreement relate only to the four Events listed in Section 1.2. No right of renewal, priority or exclusivity in respect of future events is implied by appointment as Supplier under this tender.

Appendix 1 – Project Requirements

This Appendix sets out the estimated sport equipment requirements for each of the four Events covered by this tender. All quantities are WB's current best estimates and are subject to confirmation at the time of order. WB and the Supplier shall agree final quantities in good faith prior to each Event.

Quantities for the LA28 Olympic Games are based on WB's LA28 equipment planning file. Quantities for the 2027 World Championships and the two Olympic Qualifiers (OQ1 and OQ2) are based on the scale and format of comparable recent WB events and are subject to final confirmation once athlete entry numbers and venue configurations are established.

Part A – Sport Equipment by Event

A full SKU-level item list, with quantities by Event, colour and size, is set out in Appendix 3 (Estimated Value Proposition). Bidders are required to complete Appendix 3 in full as part of their proposal.

The main equipment categories are:

Category	LA28 OG	WCh 2027	OQ1	OQ2
Gloves (10oz / 12oz, red/blue)	In scope	Sting – excluded	Sting – excluded	Sting – excluded
Headguards (S/M/L/XL, red/blue) – Men's & Women's	In scope	Sting – excluded	Sting – excluded	Sting – excluded
Uniforms / Boxing Kit (Rule 50 fail-safe)	In scope	In scope	In scope	In scope
Groin guards / Breast protectors / Mouth guards	In scope	In scope	In scope	In scope
Competition ring + spare canvas	In scope	In scope	In scope	In scope
Training rings / Training stations / Punching bags	In scope	In scope	In scope	In scope
Hand-wrap consumables (gauze, surgical tape, gloving tape)	In scope	In scope	In scope	In scope
Miscellaneous (scales, speed balls, bells, stopwatches, paddles, spit buckets)	In scope	In scope	In scope	In scope

Part B – Supply Conditions

The Supplier shall be responsible for the development and/or manufacture of all equipment to specifications agreed with WB, and for delivery DDP (Delivered Duty Paid) to the port of entry or venue specified by WB for each Event.

The scope of delivery includes professional fitting in advance of each Event, packing, international freight, customs clearance, import duties, insurance, warehousing, on-site distribution, management of exchanges during the Event, maintenance, and disassembly/removal following competition.

WB and the Supplier shall agree a delivery timeline for each Event in good faith, no later than six months prior to the start of the relevant Event. Indicative delivery milestones are as follows:

- 2027 World Boxing Championships (Astana, Kazakhstan, 10–26 April 2027): equipment to arrive at venue no later than four weeks before the start of competition.
- Olympic Qualifier 1 (OQ1): delivery timeline to be agreed once dates and venue are confirmed.
- Olympic Qualifier 2 (OQ2): delivery timeline to be agreed once dates and venue are confirmed.
- LA28 Olympic Games boxing event (15–30 July 2028, Peacock Theater / Crypto.com Arena): delivery timeline to be agreed with WB and LA28OCOG.

The Supplier shall warrant that all equipment supplied shall be new unless expressly agreed otherwise, free from defects, fit for purpose, compliant with the agreed specifications, safe for elite sporting use, and compliant with all applicable legal and regulatory requirements in the country of manufacture, export, transit and use.

Appendix 2 – Responsible Sourcing Principles

WB is committed to responsible and sustainable procurement. The following principles apply to all equipment and services provided under this tender. Bidders are expected to demonstrate their capacity to meet these principles through the Responsible Sourcing Questionnaire in Appendix 5.

The Supplier shall:

- Comply with all applicable national and international laws on labour rights, occupational health and safety, and environmental protection in all countries where equipment is manufactured, assembled or sourced;
- Respect internationally recognised human rights and labour standards, including the ILO Core Labour Standards (freedom of association, prohibition of forced and child labour, non-discrimination, and acceptable conditions of work), across its own operations and, to the extent reasonably practicable, its supply chain;
- Maintain a policy aimed at eliminating hazardous chemicals from its products and supply chain, and comply with applicable chemical safety regulations (including REACH in respect of products placed on the EU market);
- Favour lower-impact materials where feasible, including recycled or reused content, and design Event-branded items so that branding can be removed or overprinted without damaging the item, enabling reuse beyond the Event;
- Minimise single-use packaging and prioritise recyclable, reusable or bio-based packaging materials; avoid non-recyclable packaging unless a specific take-back or recycling arrangement is in place;
- Cooperate with WB's post-Event legacy process, including participation in equipment donation or reuse programmes (see Section 6 of the RFP) and provision of a brief sustainability report;
- Provide WB, upon reasonable request, with evidence of compliance with the above (e.g. copies of relevant policies, certifications, or completed Appendix 5).

WB may request that these principles be reflected in the Agreement and reserves the right to request additional information or audit evidence during the contract period.

Appendix 3 – Estimated Value Proposition

Appendix 3 is a separate Excel workbook (“WB_LA28_RFP_Appendix3_Value_Proposition.xlsx”) issued together with this RFP and available for download on the WB website alongside this document.

The workbook contains one sheet per Event (2027 World Championships, Olympic Qualifier 1 (OQ1), Olympic Qualifier 2 (OQ2), LA28 Olympic Games), plus an Instructions sheet and a Summary sheet. It sets out the estimated quantities, types and descriptions for all equipment categories within scope.

Bidders must:

- Complete the “Unit Price (USD)” column (highlighted in yellow) for each item within scope;
- Leave items marked “Supplied by Sting – not in scope” unpriced;
- Use the Comments / Assumptions column to explain any assumptions, propose alternative specifications, or reference attachments;
- Return the completed workbook as part of their proposal by the submission deadline in Section 2.2.

All costs must be stated in USD and be fully inclusive of all taxes, with the sole exception of Swiss VAT. All quantities are estimates and subject to confirmation at the time of order.

Appendix 4 – World Boxing Vendor Form

Bidders must complete the form below in full and submit it as part of their proposal.

Field	Bidder to complete
Legal company name	
Trading name (if different)	
Registered address	
Country/countries of incorporation	
Company registration number	
VAT / tax identification number	
Primary contact name and title	
Primary contact email and telephone	
Company website	
Manufacturing location(s) relevant to this tender	
Years of experience supplying boxing or combat sport equipment	
Major event references – last 8 years (event, year, role)	
Bank name and address	
Bank account holder name	
IBAN / account number	
SWIFT / BIC code	
Insurance(s) held relevant to this tender (type, insurer, coverage amount)	
Parent company / group structure (if applicable)	
Any existing commercial relationship with WB, an NOC, or the IOC	
Declaration of conflicts of interest (if any)	
Authorised signatory name and title	
Signature	
Date	

Appendix 5 – Responsible Sourcing Questionnaire

Bidders must complete this questionnaire and submit it as part of their proposal. WB does not require third-party certification as a condition of this tender, but reserves the right to request supporting documentation. Responses will be considered as part of the overall evaluation.

Section A – Company Policy

- Does your company have a written environmental policy? If yes, provide a copy.
- Does your company have a written labour and human rights policy? If yes, provide a copy.
- Does your company hold any third-party sustainability or quality certifications relevant to the manufacture of sport equipment (e.g. ISO 14001, ISO 9001, WRAP, Global Recycled Standard, Fair Trade)? Please list all current certifications.

Section B – Materials and Product

- Do any of the items proposed under this tender contain PVC or BPA-containing polycarbonate? If yes, please specify which items and provide detail.
- What approximate proportion of the materials used in the products proposed are recycled, reused, or sourced from certified sustainable sources? Please indicate by material type (e.g. leather, foam, textiles, plastics).
- Can event-specific branding applied to the equipment be removed or overprinted without damaging the item, to allow reuse after the Event?
- Do you operate a policy restricting or phasing out hazardous chemicals (e.g. REACH Candidate List substances) in your products and supply chain?

Section C – Packaging and Logistics

- What packaging materials are used for international shipment of your products, and what proportion is recyclable, reusable, or bio-based?
- Do you have a take-back scheme, reuse programme, or certified recycling arrangement for packaging or end-of-life equipment?

Section D – Labour and Social

- In which country/countries and at which site(s) is the equipment for this tender manufactured? Please provide as much detail as is available.
- Does your company conduct internal or third-party audits of working conditions at manufacturing sites? If yes, how frequently, and are reports available upon request?
- Does your company have programmes supporting gender equality, local economic development, or community benefit in its operations or supply chain? If yes, describe briefly.

Section E – Declaration

I, the undersigned, confirm that the information provided in this questionnaire is accurate and complete to the best of my knowledge, and that our company undertakes to provide supporting evidence upon request by WB.

Appendix 6 – Supplier Recognition Guidelines

This Appendix sets out how the Supplier may and may not refer publicly to its role as supplier of boxing sport equipment to WB and to the Events. These guidelines apply from the date of contract execution and remain in effect for two years following the closing ceremony of the last Event covered by the Agreement.

The Supplier may:

- State factually that it is the official supplier of boxing sport equipment to WB for the relevant Event(s), in client lists, corporate brochures, product catalogues, website (in an appropriate editorial section, not the homepage), and in trade publications;
- After each Event, use approved images of its products in use at the Event to accompany permitted statements, subject to the image rights requirements of the relevant event owner (for the LA28 Event, images must be purchased from the IOC's official photo agency);
- Refer to its role in pitches and tenders for other work, provided this is not made available beyond those directly involved in the pitch.

The Supplier may not:

- Use any Olympic or Paralympic marks, emblems, or terminology ("Olympic", "Olympic Games", the Olympic rings, etc.) without express prior written authorisation from the IOC and/or LA28OCOG; any such use in connection with the LA28 Event is entirely subject to the rules and approval processes of the IOC and LA28OCOG and is outside the gift of WB to grant;
- Suggest a broader partnership, sponsorship, or endorsement relationship with WB, the IOC, LA28OCOG, any National Olympic Committee, or any athlete, beyond the supply relationship described in the Agreement;
- Issue press releases or public announcements about its appointment or role without first providing WB with a draft for review and comment;
- Use its role as a standalone advertising slogan, strap line, or tagline, or in product packaging, retail promotions, or consumer advertising;
- Use the WB logo, name or marks beyond the specific uses authorised in writing by WB;
- Use any athlete name, image, likeness, voice, social media content, testimonial or implied endorsement without all necessary rights and consents.

For the LA28 Olympic Games boxing event, the Supplier acknowledges that additional restrictions on equipment branding, manufacturer identification, and commercial communications may be imposed by the IOC and/or LA28OCOG pursuant to Rule 50 of the Olympic Charter and LA28-specific sole supplier guidelines. WB will communicate these requirements to the Supplier once received from LA28OCOG.
